

MATTHIEU BRISSONNET

matt.b@orange.fr | +33 6 68 49 08 38 | Poitiers, France
Available in England: mid-September to mid-December 2026

PERSONAL STATEMENT

IT graduate (Master's level) with 4 years' hands-on experience in network administration, systems support and cybersecurity through apprenticeships at a university hospital, a telecoms operator and a national energy utility.

Available for a three-month position in England from September 2026. Primary goal: gaining professional English fluency through full immersion.

Open to any role — waiting staff, hospitality, retail, front-of-house, administration, or helping small businesses with IT and automation. Hands-on, adaptable and quick to fit into any team.

KEY SKILLS

Waiting experience in fast-paced catering environments • Strong interpersonal skills, quick to integrate into new teams

Networking (Cisco, LAN, Wi-Fi, VLAN, routing) • Systems admin (Linux, Windows Server, Exchange)
• Monitoring (Centreon, Zabbix, SolarWinds) • IT support N1–N3 • Cybersecurity (CVE tracking, firewall rules) • Project management & technical writing • Customer service & teamwork

WORK EXPERIENCE

Network & Systems Engineer (Apprenticeship)

Sep 2025 – Sep 2026

CHU de Poitiers — University Hospital | Poitiers, France

- Provided N2/N3 support, resolving 100+ incidents across network, systems and user accounts
- Monitored 500+ devices (Centreon); managed firewall rules and CVE vulnerability tracking
- Led an MDM project covering 500+ hospital devices; administered Exchange and Active Directory

Systems & Network Administrator (Apprenticeship)

Sep 2024 – Sep 2025

Néoréso — Telecoms Consultancy | Chambray-lès-Tours, France

- Configured switching, VLANs and routing for multi-site networks; deployed IP telephony (Avaya, Wildix)
- Provided N1/N2 support; wrote disaster recovery plans and architecture documentation

Network Technician (Apprenticeship)

Sep 2022 – Sep 2024

Enedis — National Energy Grid Operator | Poitiers, France

- Maintained and deployed network equipment in an industrial environment; monitored assets via SolarWinds

Seasonal & Temporary Roles

2020 – 2021

Various employers | France

- Grain handling operative (cooperative) and care assistant in a retirement home (8-week placement)

EDUCATION & CERTIFICATIONS

Master's (Bac+5) — Networks, Systems & Cybersecurity

2024 – 2026

Association des Néticiens | France

Bachelor's (Bac+3) — Networks & Telecommunications
